

# EduHelp: Your Comprehensive Study Platform

**Abstract:** EduHelp is an innovative online platform designed to assist students in their academic journey by providing a wealth of study materials, including subject notes, previous year questions (PYQs), important topics, and assignments. This document outlines the essential features of the website, including user registration and login functionalities, as well as a dedicated section for assignments. The platform will cover various subjects, ensuring that students have access to the resources they need to succeed.

## Website Features

### 1. User Registration and Login

To access the content on EduHelp, users must first register and create an account. The registration process will require users to provide basic information such as:

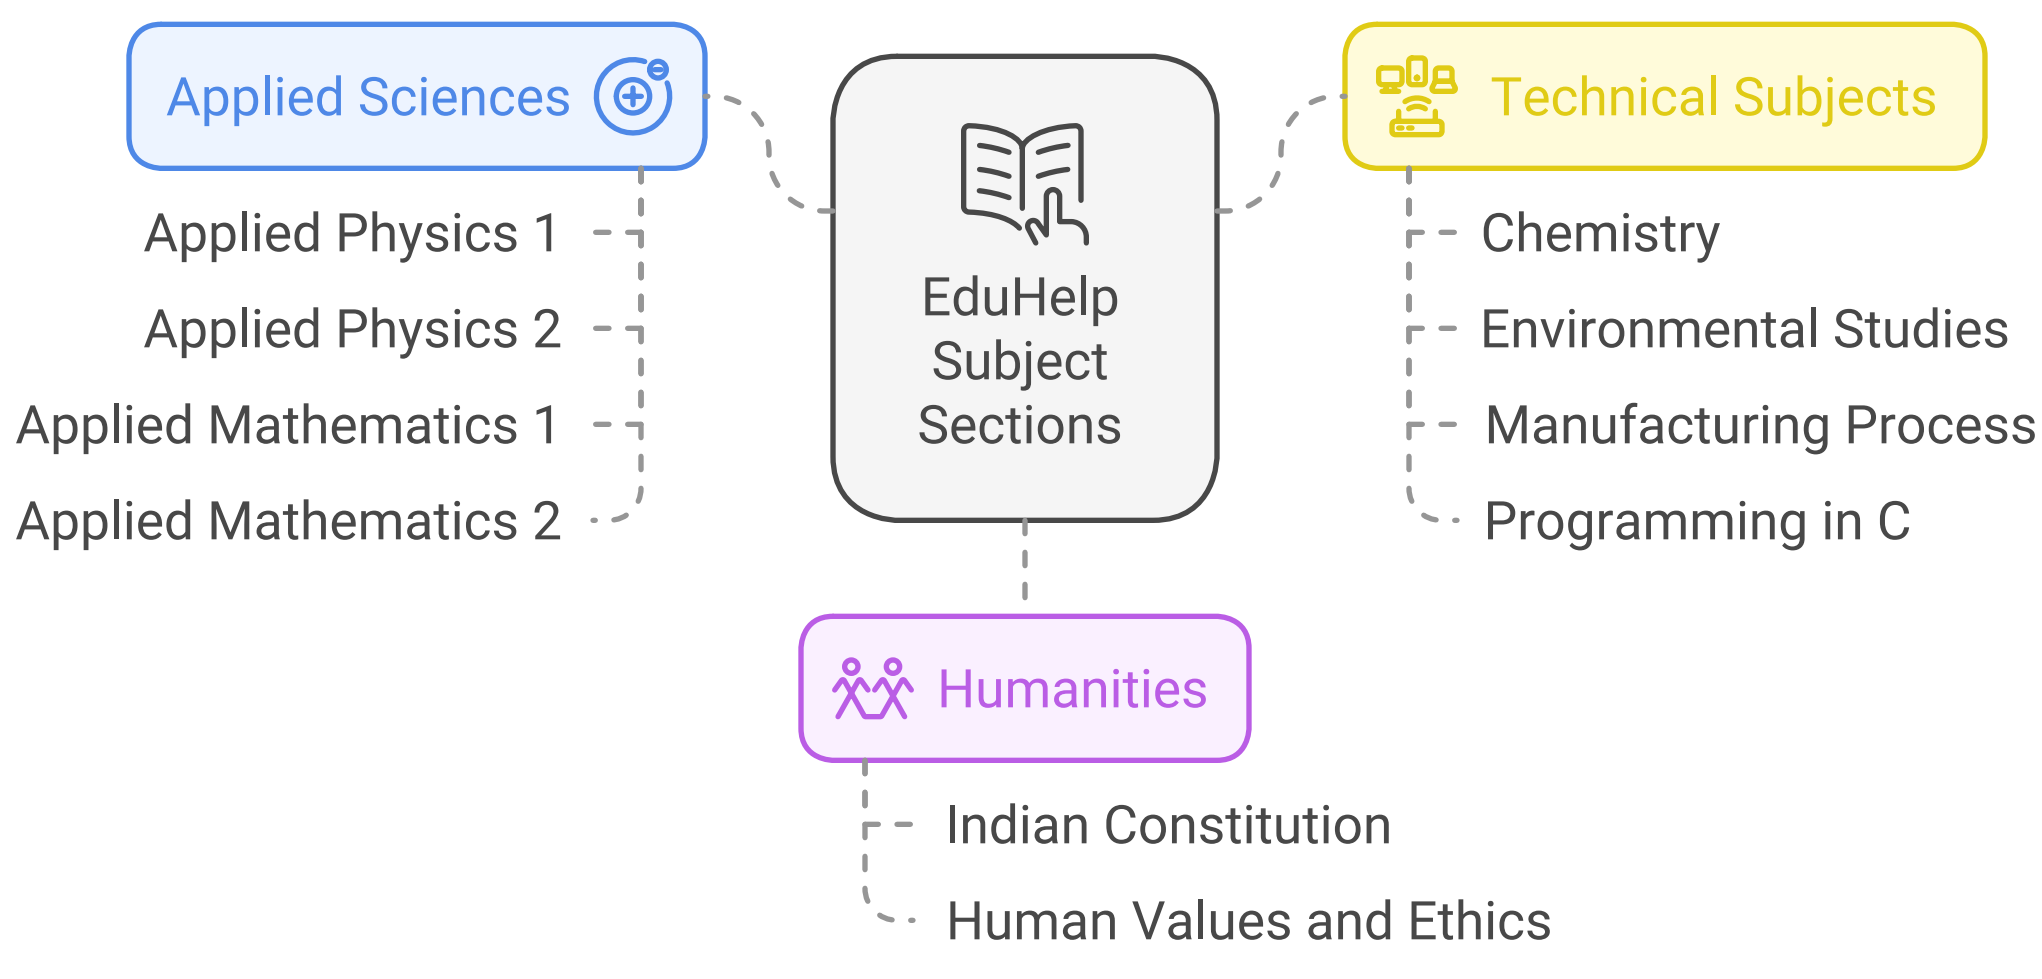

- Full Name
- Email Address
- Password
- Confirm Password

Once registered, users can log in using their email and password. The login page will have the following elements:

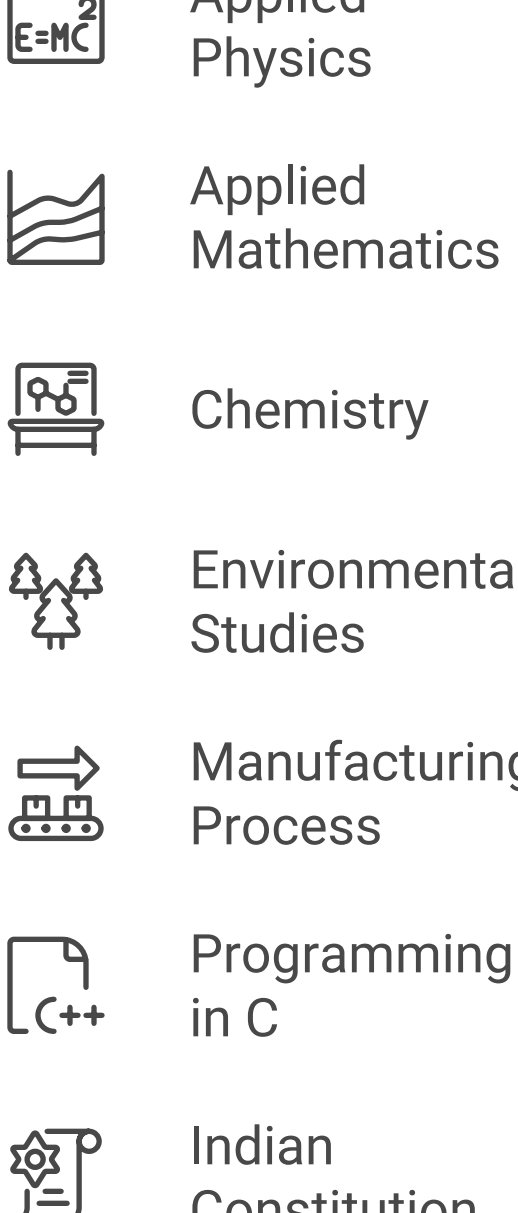

- **Email Input Field**
- **Password Input Field**
- **Login Button**
- **Forgot Password Link**
- **Register Link for New Users**

### 2. Subject Sections

EduHelp will feature dedicated sections for each subject, providing students with organized and easily accessible study materials. The subjects included are:

- **Applied Physics 1**
- **Applied Physics 2**
- **Applied Mathematics 1**
- **Applied Mathematics 2**
- **Chemistry**
- **Environmental Studies**
- **Manufacturing Process**
- **Programming in C**
- **Indian Constitution**
- **Human Values and Ethics**

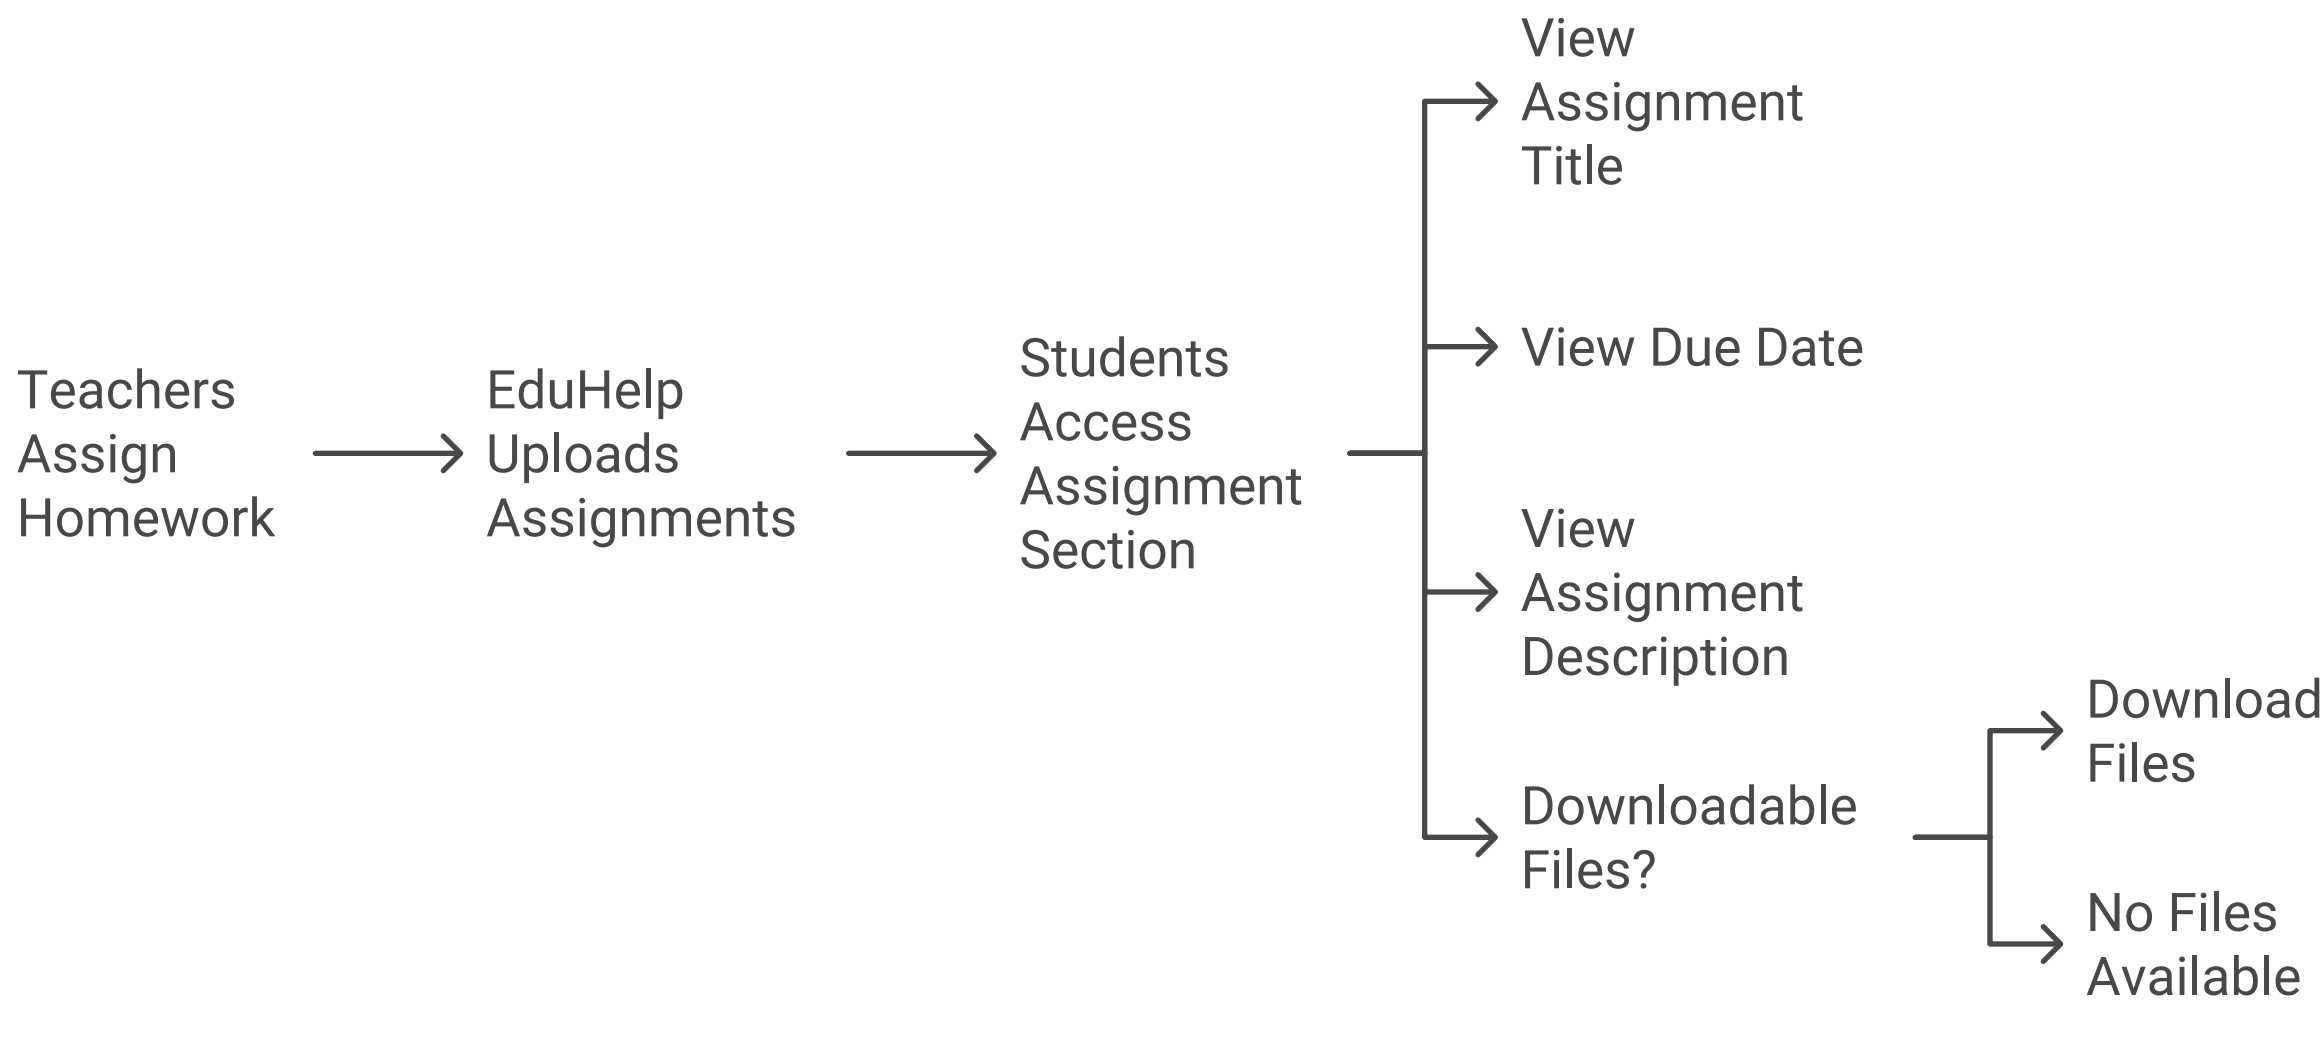

Each subject section will include:

- **Subject Notes:** Comprehensive notes covering key concepts and theories.
- **Previous Year Questions (PYQs):** A collection of past exam questions to help students prepare effectively.
- **Important Topics:** Highlighted topics that are crucial for exams.
- **Questions:** Additional practice questions to reinforce learning.

### 3. Assignment Section

The assignment section will be a valuable resource for students. After teachers assign homework, EduHelp will upload the assignments for each subject. This section will include:

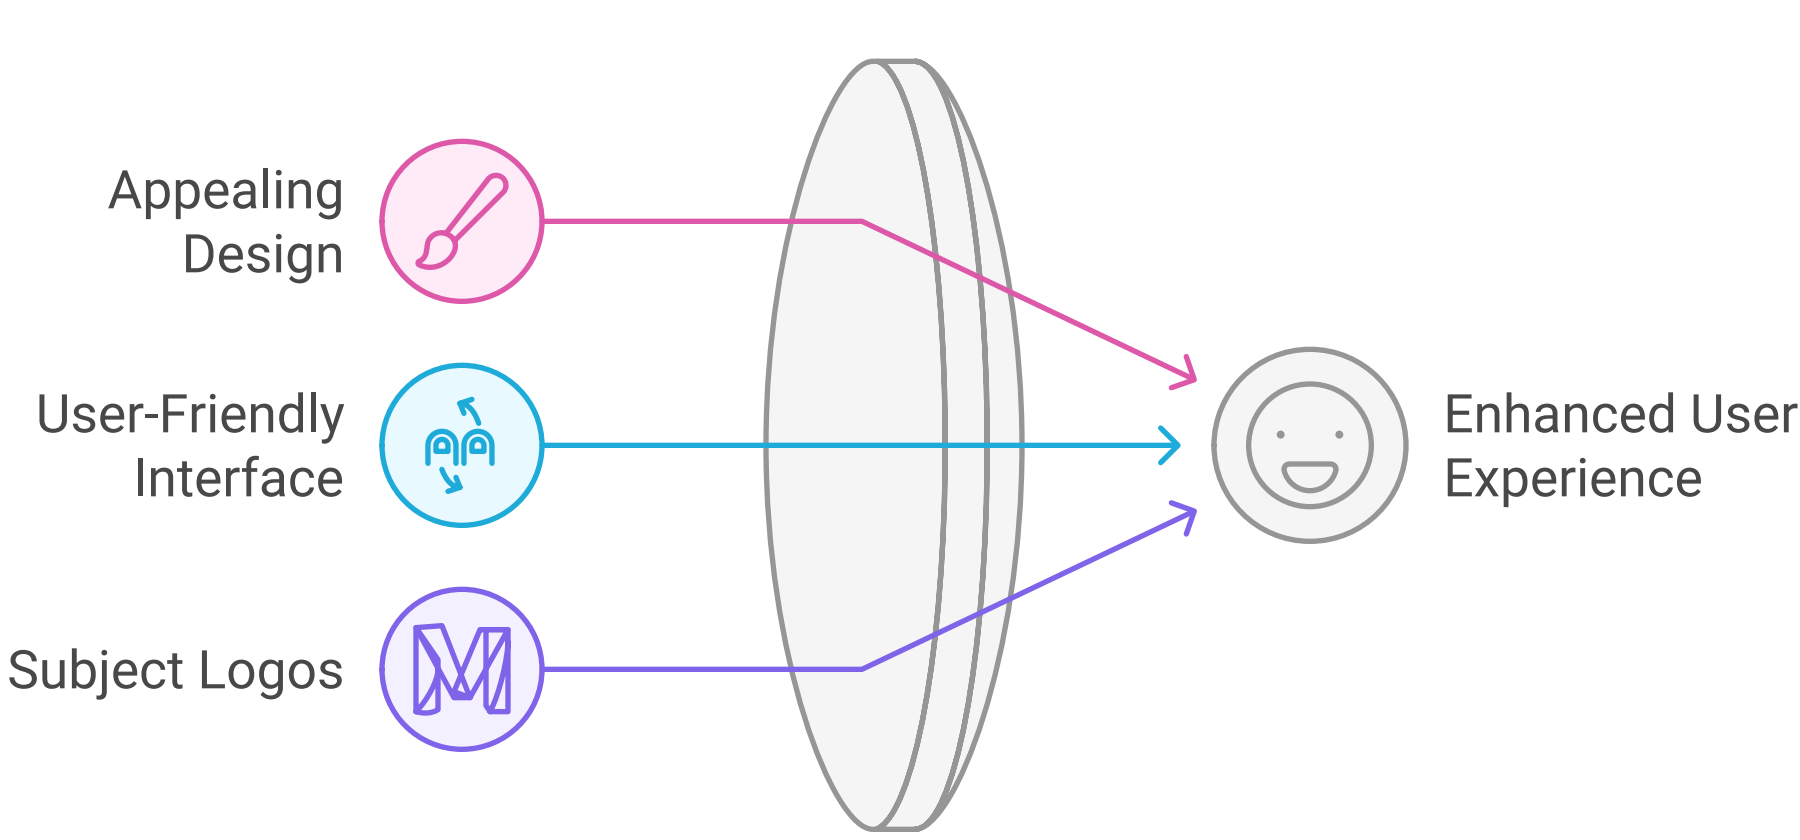

- **Assignment Title**
- **Due Date**
- **Assignment Description**
- **Downloadable Files (If applicable)**

Students can easily find and download their assignments, ensuring they stay on track with their coursework.

### 4. Design and Logos

To enhance the user experience, EduHelp will feature an appealing design with a user-friendly interface. Each subject will have its own logo, representing its unique identity. The design will include:

#### Crafting a Cohesive Learning Environment

- **Color Scheme:** A consistent and calming color palette to promote focus and learning.
- **Typography:** Clear and readable fonts for easy navigation and reading.
- **Icons and Logos:** Custom-designed icons for each subject to make the platform visually engaging.

## Conclusion

EduHelp aims to be a one-stop solution for students seeking study materials and assignments. By providing a structured platform with user-friendly features, EduHelp will empower students to excel in their studies and manage their assignments efficiently. With a focus on accessibility and organization, EduHelp is set to revolutionize the way students approach their academic challenges.
